### Technical details

**Small in size but big in performance, the PRINCESS is in no way inferior to its big sister, the ONE MORE TIME.**

Glittering chrome elements, fascinating lighting effects and the most modern technology available make this nostalgic compact jukebox an exceptional piece of music-making furniture which will hold its value for years to come.

#### Features

- CD changer for 120 CDs
- Stereo amplifier, 2 x 55watts RMS
- Microprocessor control unit
- Electronic coin acceptor
- Programmable timer for Play Stimulator and two background music intervals
- Infrared remote control with selection buttons
- 4-digit LED display
- Album play programmable
- Facility to cancel single tracks
- Connection for external loudspeaker
- Connections for microphone and external amplifier
- Internal test speaker
- Program holder for 120 CD title cards

*Pedestal designed to complement the Princess*

**The pedestal can be used in various ways – as storage for CD covers, an additional HIFI system, as a mini bar or ..., the sky's the limit.**

*Pedestal with subwoofer system*

A special door insert allows the pedestal to be used as a compact loudspeaker system.

The subwoofer system with two satellites is installed by simply pushing into position in the pedestal. Both satellite speakers can be removed and be used separately, either fixed to the wall or free standing.
